Captain B. Franklin Cross
Treasurer War Children's Relief Fund.

I am glad to be able to let the "War Children's Relief Fund of America know that their gifts have arrived, and I hasten to send my deep and heartfelt appreciation of the presents from these dear children, who have lovingly, and disinterestedly devoted themselves to collecting and giving to our soldier's little ones.

There will, I know, be great delight among them, and they will be full of interest and gratitude, towards the kind and helpful young givers in the far-away land who sent them caps, mittens, stockings, underwear and sweaters, as well as the large quantity of candy, they will love to have been remembered by those more fortunate ones, in that big and beautiful country over the seas, for them, I therefore send their hearty thanks.

It is very gratifying to me also to be able to distribute, with those gifts, the $1,000, so generously contributed by the American War Children's Relief Fund. The distribution has just begun, and we are already receiving messages of much appreciation, not to say delight generally.

Believe me,

Yours sincerely

Louise

WHAT HAS BEEN ACCOMPLISHED

The Relief Work for War Children conducted by the American Club Woman Magazine has collected and distributed $28,000 in money and $30,000 worth of absolutely new clothing and toys and food. The children of America have made our Fund the channel through which they have done so much for the War Orphans of Europe.

Thanks From Ambassador Jusserand

Ambassade de la Republique Francaise

Captain B. Franklin Cross Washington, Dec. 27th, 1915.
Treasurer War Children's Relief Fund

I beg to acknowledge receipt, with sincere thanks of your letter and the check for $1.000 which was included in it. I am sending to France this generous donation by post and I have cabled in advance, so that the little ones whom the "War Children's Relief Fund" wants to help and cheer, may know what is in store for them.

Among the various associations working for children, I choose, as being the most important and the best apt to fulfill your wishes, the "Association Nationale Francaise", which I knew by a recent letter to have already 10,000 orphans on their lists, the number increasing from day to day.

I shall be much obliged to you to inform the young helpers of your fund that the little children of the republic on the other side of the ocean will be greatly touched by such a souvenir from their American little friends, and as for me who have the honour of representing the whole French nation, including its youngest ,as well as its oldest members, I want too, to express my thanks to the future citizens of this country who show early in life that they have inherited the virtues of their ancestors, humanity and generosity being among the most valuable ones.

I have the honor to be, with sincerest regards,

Very truly yours,

Jusserand

I received this instant a cablegram from M. Flourens, former Minister of Foreign Affairs, and President of the "Association Nationale pour la Protection des famillies des Morts pour la Patrie" saying "Chaleureux remerciements des orphelins francais aus genereux bienfaiteurs americains".

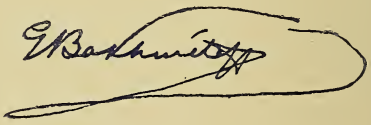
Little Cesarevitch Distributes Fund

Imperial Russian Embassy
Washington, D. C. December 28th, 1915

Captain B. Franklin Cross
Treasurer War Children's Relief Fund.

On my return to Washington, after a few days absence, I found your letter with a check for $500.

Please accept my sincere thanks for yourself and for all those who have so generously contributed to this touching expression of sympathy to the children of our soldiers. I will at once cable this sum to Petrograd to be placed at the disposal of the Grand Duke Cesarevitch, to whom I will also convey the friendly Christmas greetings and offerings of the children of America to the children of Russia.



Message of the Little Stocking

The little stocking is the emblem of the War Children's Relief Fund. Our American children responding to its appeal, have sacrificed their own Christmas celebrations and have many times, emptied, their treasured savings banks to help their unfortunate little friends in Europe.

We are giving these afternoon entertainments during the Biennial, in recognition of liberal assistance in the past and with the hope that the work may be continued on an equally generous scale during the coming Christmas Season.
